GATEMATE®
SUPERIOR GATE FURNITURE

PREMIUM QUALITY GATE LOCKS

DESIGNED IN THE UK

YOUR GATE'S NOT LOCKED UNTIL IT'S ZEDLOCKED

- Simple design with minimal moving parts makes the Zedlock perfect for harsh environments, and works even in freezing conditions
- Unique 'tamper proof' design giving you peace of mind; day in, day out.
- Patent protected design
- Simple installation
- Option of Union five lever deadlock mechanism or multi lever lock
- Keyed alike option for multiple locks

WHAT IS ZEDLOCK?

Designed in the UK, Zedlock is a unique, premium quality, patented long throw gate lock ideal for securing any large gate. Its heavy steel casing and enclosed mortice mechanism result in a lock that is highly effective against intruders as it cannot be 'cropped' by bolt cutters, making Zedlock an obvious alternative for a padlock and chain.

All Zedlocks have Sold Secure Bronze status, meaning they have been tested to a high security standard to reduce crime!

**STEEL FRAME
SECURITY GATE
RANGE P08/09**

WHERE CAN I USE IT?

Originally developed with industrial and agricultural gates in mind, Zedlocks are compatible with a huge range of gates, from standard metal and wooden fieldgates to hoarding gates around construction sites. The Zedlock has also become a popular option for domestic driveway gates, and our smart black version for wooden gates is perfect for exactly that.

HOW DO I INSTALL IT?

Zedlocks are very straightforward to both install and use, saving you time and effort every time you open your gate! All the locks in the Zedlock range are sold complete with all the parts you need for installation, including clear, full colour, easy to read instructions. It couldn't be simpler!

The Zedlock range also includes a number of accessories to help you find the perfect solution for your gate, such as the surface mounting kits for solid gates (see page 10) and the extension bolts for use with extra wide gate frames.

A close-up photograph of a silver-colored metal padlock mounted on a metal gate. The padlock has a red label with white text. A black handle is visible on the left side of the padlock. The background shows a blurred landscape with trees and a sky with clouds, overlaid with a red and white diagonal pattern.

WOODEN FRAME FIELDGATE RANGE

TO SUIT 75MM WOODEN FRAME FIELDGATES

Designed specifically with the 75mm wooden frame fieldgate in mind, this lock has an extended bolt and epoxy black finish. Ideal for both agricultural and residential wooden gates, the classy black finish means this lock is equally at home in any application. With thick steel casing enclosing a hardened steel bolt and secure multi-lever mortice lock mechanism, the Zedlock cannot be 'cropped' by bolt cutters, so whether it's your livestock or your car, Zedlock has it covered! The stainless steel version has a premium Union 5 lever mortice lock mechanism. All locks in the Zedlock range are also available keyed alike and are supplied with all fixings.

Tough corrosion resistant galvanised steel casing and bolt with epoxy black finish

ALL ZEDLOCKS HAVE SOLD SECURE BRONZE CERTIFICATION, MEANING THEY ARE TESTED TO A HIGH SECURITY STANDARD TO REDUCE CRIME!

70mm bolt throw when locked

Secure bolt on design means all fixings are not accessible when gate is closed.

Lock body size – 4" (100mm)

| | MODEL | FINISH | MECHANISM | CODE | RRP (INC VAT) |
|------|-----------------------|--------------------------------|---------------|---------|---------------|
| 75mm | Standard multi-lever | Epoxy Black on Galvanised | Multi-lever | 8900011 | £35.99 |
| | Premium Union 5 lever | Epoxy Black on Stainless Steel | Union 5 Lever | 8900116 | £61.49 |

A heavy-duty, rectangular metal lock assembly is mounted on a red brick wall. The lock has a black, horn-shaped handle on the left side and a keyhole on the top. A red label is affixed to the front of the lock. The background consists of a red brick wall with a diagonal shadow line running from the top left towards the center.

STEEL FRAME SECURITY GATE RANGE

TO SUIT 50MM STEEL FRAME SECURITY GATES

Zedlock isn't just for fieldgates – it's also perfect for steel security gates too. When you have a security fence and gate its only sense to secure it with one of the toughest locks on the market! With a hot-dip galvanised or stainless steel casing enclosing a simple tamper proof mortice lock mechanism, it's the perfect finishing touch to secure your boundary against intruders. Like all the locks in the Zedlock range, this model is also available keyed alike, so it's perfect if you have more than one gate! Supplied with all fixings.

Secure bolt on design means all fixings are not accessible when gate is closed.

ALL ZEDLOCKS HAVE SOLD SECURE BRONZE CERTIFICATION, MEANING THEY ARE TESTED TO A HIGH SECURITY STANDARD TO REDUCE CRIME!

70mm bolt throw when locked

Easy to install and use

ZEDLOCK ACCESSORIES

ALL THE EXTRAS YOU NEED TO
COMPLEMENT YOUR ZEDLOCK

SURFACE MOUNTING KIT

Designed for use with solid gates, the surface mounting kit allows you to easily mount your Zedlock on the surface of the gate whilst still maintaining its high security level. Built to suit all of the Zedlocks in the range, the surface mounting kit is made from galvanised steel, ensuring that it stays secure whatever the weather. Ideal for a large range of applications, this kit allows Zedlock to be fitted to solid driveway gates, shed doors and much more! Supplied with all fixings and fitting instructions. Zedlock not included.

CODE: 8950001

RRP - £17.99 INC VAT

Easy to fit and supplied with all necessary parts for installation

Securely mounts your Zedlock on the surface of any solid gate

Compatible with a large range of gate thicknesses, the bolts are designed to be cut to the required length.

Tamper proof design ensures that all fixings are inaccessible when gate is locked.

DOUBLE GATE CLAW

The Zedlock double gate claw is an extra level of security for double gates. For use in conjunction with Zedlock for metal gates. The claw fits around both gate stiles, and when the lock is closed the claw prevents the gates being forced apart. Includes fixings.

FOR 25MM DOUBLE GATES
CODE: 8940021

RRP - £23.99
INC VAT

FOR 50MM DOUBLE GATES
CODE: 8940051

RRP - £23.99
INC VAT

SINGLE GATE CLAW

The Zedlock single gate claw is an extra level of security for single gates. For use in conjunction with Zedlock for metal gates. The claw fits around the gate stile and locks into the receiver bracket. When the lock is closed the claw prevents the gate being forced away from the post. Includes receiver bracket and fixings.

FOR 50MM SINGLE GATES
CODE: 8940151

RRP - £26.49
INC VAT

FOR 60MM SINGLE GATES
CODE: 8940161

RRP - £26.49
INC VAT

Whatever your need, the Zedlock range has a solution to meet it! Whether you're looking to fit your Zedlock on a solid gate or simply want to get more keys for multiple users, there's a Zedlock accessory to match.

GALVANISED STEEL EXTENSION BOLT

Increases the handle length on your Zedlock. Easily screws onto existing handle.

CODE: 8910501

RRP - £1.50 INC VAT

KEY BLANKS

Need some more keys for your Zedlock? These key blanks can be cut to your unique lock number.

CODE: 8900992 (Bag of 5)

RRP - £3.99 INC VAT

SURFACE MOUNTED KEEP

Galvanised steel bolt on surface mounted keep for use with Zedlock surface mounting kit. Supplied with all fixings.

CODE: 8950011

RRP - £16.00 INC VAT

ZEDLOCK MORTICED STRIKER

Galvanised steel morticed striker plate designed for use with all Zedlocks in the range. This can be screwed to masonry or wood alike. Supplied with all fixings.

CODE: 8930011

RRP - £6.99 INC VAT

ZEDLOCK LOCKABLE DOUBLE GATE DROPBOLT

Designed for securing double gates in the middle, this kit is perfect for double gated residential driveways. Includes all fixings. Supplied with all fixings. Wooden gate version is epoxy black coated.

CODE: 8940016

RRP - £37.99 INC VAT

ZEDLOCK HOLE CUTTER FOR METAL GATES

Hole cutter for metal gates
